## THE MARBLE CITY

It is said that the rise of the grand city of Praefecti happened when the three elders of the Derveni stumbled across the golden strand of Hutet's hair. A great warrior by the name of Arkadius had led his people there, they walked for many moons with their livestock struggling to remain alive. Their numbers had dwindled and while the prayers to Sutek fell unanswered, their prayers to Hutet did not.

It started with discovering rich, fertile soil, after moons and moons of nothing but rough, salt-stained rocky terrain they were met with fields upon fields of lush green and at the very center there was that single hair.

The Dreygsin of Derveni believe that this single hair was blessed to them in their greatest time of need and that it may be the source of their prosperous lands. It is very common to worship Hutet or one of her many children.

The throne room of Hutet is where Emperor Arkadius rules, the three Elders act as powerful advisors to him as it was Arkadius that earned the love of their people and he continues to be a great ruler.
